

## #1 Artist: Jenn Hales

"Ballonar" 16x20 Acrylic on Birch Panel

My Version

**Why did you choose this artwork? How did you create the artwork?  
Was it the same or different than the artist's original?**

I enjoy Jenn Hales' fantastical scenes with interesting landscapes and subjects, like fish and Hot air balloons. Her strong use of color reminds me of fun cartoons or children's book illustrations. I changed the hot air balloon into a giant squid and used cooler colors of blue and purple instead of the yellow and orange.
